Harmony Montessori School is asking for your help with our annual fundraising auction, which is being held on April 18, 2020. Our school turns 25 this year and has been able to offer nurturing, child-led education in that time in large part due to donations like yours.

This year, our growing and thriving school guides the education of 132 students from preschool through elementary. As a 501(c)(3) nonprofit organization, Harmony is one of the most affordable center-based Montessori schools in Portland and is dedicated to providing a holistic education to a culturally and socioeconomically diverse community of families. Harmony's high quality and affordability is made possible only by generous contributions of time, hard work, and donations from individuals and organizations throughout the greater Portland area and beyond.

Our annual auction is our primary fundraising effort, which primarily goes towards funding our financial aid program. This includes our "Children's Fund", which benefits children who are first-generation immigrants, speak English as a second language, and live in the David Douglas School District. The Children's Fund prioritizes need-based families, promising the same level of assistance for a full three years or until a child completes a Montessori cycle of education.

We would be eternally grateful if you would consider making a tax-deductible donation for our 2020 Harmony auction by filling out the enclosed form. Your donation can be applied to either the 2019 or 2020 tax year, depending on when you donate.

Please keep the event date of our auction (April 18, 2020) in mind when applying expiration dates. For questions or to request a merchandise donation pickup, please e-mail hms.auction@harmony-montessori.com. Thank you for supporting and investing in our children and our community.

With gratitude,

The Harmony Montessori Auction Committee
