

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/11/2020

Under ODE's **Ready Schools, Safe Learners** guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the [Ready Schools, Safe Learners guidance](#) document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

1. Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Harmony Montessori School
Key Contact Person for this Plan	Kim Greer
Phone Number of this Person	(503) 255-5337
Email Address of this Person	kim.greer@harmony-montessori.com
Sectors and position titles of those who informed the plan	Kim Greer, Head of School Heaven Hartford, Office Manager
Local public health office(s) or officers(s)	Multnomah County Health Department
Name of person Designated to Establish, Implement and Enforce Physical Distancing Requirements	Kim Greer
Intended Effective Dates for this Plan	September 2, 2020-June 11, 2021
ESD Region	Multnomah ESD

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a [government-to-government](#) basis.

- Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

In order to meet the needs of our families, Harmony Montessori School put out a survey to gather information. We invited our school-aged families to attend a steering committee to help guide the decision making process. We have also contacted each family by telephone to have one on one discussions with them about future plans.

- Indicate which instructional model will be used.

Select One:

On-Site Learning Hybrid Learning Comprehensive Distance Learning

- If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
- If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and [submit online](https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a). (<https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a>) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

* **Note:** Private schools are required to comply with only sections 1-3 of the *Ready Schools, Safe Learners* guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Describe why you are selecting Comprehensive Distance Learning as the school's Instructional Model for the effective dates of this plan.

n/a

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. [Here is a link to the overview of CDL Requirements.](#) Please name any requirements you need ODE to review for any possible flexibility or waiver.

n/a

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

n/a

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Community Health Metrics

METRICS FOR ON-SITE OR HYBRID INSTRUCTION

- The school currently meets the required metrics to successfully reopen for in-person instruction in an On-Site or Hybrid model. *If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.*

EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET

- The school currently meets the exceptions required to provide in-person person education for students in grades K-3 (see section 0d(1) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the exceptions required to provide limited in-person instruction for specific groups of students (see section 0d(2) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the exceptions required for remote or rural schools in larger population counties to provide in-person instruction (see section 0d(3) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the exceptions required for smaller population counties to provide in-person instruction (see section 0d(4) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the exceptions required for schools in low population density counties (see section 0d(5) of the **Ready Schools, Safe Learners** guidance).
- The school currently meets the exceptions required for small districts to provide in-person instruction (see section 0d(6) of the **Ready Schools, Safe Learners** guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input checked="" type="checkbox"/> Implement measures to limit the spread of COVID-19 within the school setting. <input checked="" type="checkbox"/> Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19. <input checked="" type="checkbox"/> Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA. <input checked="" type="checkbox"/> Include names of the LPHA staff, school nurses, and other medical experts who provided support and resources to the district/school 	<p>Harmony Montessori School uses the Communicable Disease Guidelines Published by the Oregon Department of Education and the Oregon Health Authority.</p> <p>Here is the link to our COVID-19 Specific Communicable Disease Management Plan. All of the protocols and procedures listed can be found in this document.</p>

<p>policies and plans. Review relevant local, state, and national evidence to inform plan.</p> <p>X Process and procedures established to train all staff in sections 1 - 3 of the Ready Schools, Safe Learners guidance. Consider conducting the training virtually, or, if in-person, ensure physical distancing is maintained to the maximum extent possible.</p> <p>X Protocol to notify the local public health authority (LPHA Directory by County) of any confirmed COVID-19 cases among students or staff.</p> <p>X Plans for systematic disinfection of classrooms, offices, bathrooms and activity areas.</p> <p>X Process to report to the LPHA any cluster of any illness among staff or students.</p> <p>X Protocol to cooperate with the LPHA recommendations.</p> <p>X Provide all logs and information to the LPHA in a timely manner.</p> <p>X Protocol for screening students and staff for symptoms (see section 1f of the Ready Schools, Safe Learners guidance).</p> <p>X Protocol to isolate any ill or exposed persons from physical contact with others.</p> <p>X Protocol for communicating potential COVID-19 cases to the school community and other stakeholders (see section 1e of the Ready Schools, Safe Learners guidance).</p> <p>X Create a system for maintaining daily logs for each student/cohort for the purposes of contact tracing. This system needs to be made in consultation with a school/district nurse or an LPHA official. Sample logs are available as a part of the Oregon School Nurses Association COVID-19 Toolkit.</p> <ul style="list-style-type: none"> ● If a student(s) is part of a stable cohort (a group of students that are consistently in contact with each other or in multiple cohort groups) that conform to the requirements of cohorting (see section 1d of the Ready Schools, Safe Learners guidance), the daily log may be maintained for the cohort. ● If a student(s) is not part of a stable cohort, then an individual student log must be maintained. <p>X Required components of individual daily student/cohort logs include:</p> <ul style="list-style-type: none"> ● Child's name ● Drop off/pick up time ● Parent/guardian name and emergency contact information ● All staff (including itinerant staff, district staff, substitutes, and guest teachers) names and phone numbers who interact with a stable cohort or individual student <p>X Protocol to record/keep daily logs to be used for contact tracing for a minimum of four weeks to assist the LPHA as needed.</p> <p>X Process to ensure that all itinerant and all district staff (maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a running four-week history of their time in each school building and who they were in contact with at each site.</p> <p>X Process to ensure that the school reports to and consults with the LPHA regarding cleaning and possible classroom or program closure if anyone who has entered school is diagnosed with COVID-19.</p> <p>X Protocol to respond to potential outbreaks (see section 3 of the Ready Schools, Safe Learners guidance).</p>	<p>Kim Greer, Head of School, will establish, implement and enforce physical distancing requirements.</p> <p>Harmony has a printed daily cleaning/sanitizing/disinfecting schedule & checklist for each classroom, our common areas, and our playground.</p> <p>We also created a COVID-19 Parent Handbook for parents to find the processes and procedures we are following to limit contact and the spread of coronavirus.</p> <p>Harmony's annual staff training in August will include sections 1-3 of the Ready Schools, Safe Learners guidance. Additionally, we will review Health Guidelines at monthly staff meetings or via email if needed.</p> <p>Harmony has a protocol for reporting any confirmed cases of COVID-19 as well as any clusters of illness among staff or students or anyone who has entered our building.</p> <p>Harmony screening-Drop-Off & Pick-Up procedures are outlined in 1e. We upload our daily logs and keep them in a weekly digital file by classrooms.</p> <p>The isolation of students with potential symptoms is covered in section 1h.</p> <p>Section 3 covers the protocol to respond to potential outbreaks.</p>
--	---

1b. HIGH-RISK POPULATIONS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Serve students in high-risk population(s) whether learning is happening through On-Site, Hybrid (partially On-Site and partially Comprehensive Distance Learning models), or Comprehensive Distance Learning models.</p>	<p>Students:</p> <ul style="list-style-type: none"> ● Instruction for online learning would be based on each child's needs. The teachers and parents would work together to build their own models.

Medically Fragile, Complex and Nursing-Dependent Student Requirements

- X All districts must account for students who have health conditions that require additional nursing services. Oregon law ([ORS 336.201](#)) defines three levels of severity related to required nursing services:
 1. Medically Complex: Are students who may have an unstable health condition and who may require daily professional nursing services.
 2. Medically Fragile: Are students who may have a life-threatening health condition and who may require immediate professional nursing services.
 3. Nursing-Dependent: Are students who have an unstable or life-threatening health condition and who require daily, direct, and continuous professional nursing services.
- X Staff and school administrators, in partnership with school nurses, or other school health providers, should work with interdisciplinary teams to address individual student needs. The school registered nurse (RN) is responsible for nursing care provided to individual students as outlined in ODE guidance and state law:
 - Communicate with parents and health care providers to determine return to school status and current needs of the student.
 - Coordinate and update other health services the student may be receiving in addition to nursing services. This may include speech language pathology, occupational therapy, physical therapy, as well as behavioral and mental health services.
 - Modify Health Management Plans, Care Plans, IEPs, or 504 or other student-level medical plans, as indicated, to address current health care considerations.
 - The RN practicing in the school setting should be supported to remain up to date on current guidelines and access professional support such as evidence-based resources from the Oregon School Nurses Association.
 - Service provision should consider health and safety as well as legal standards.
 - Appropriate medical-grade personal protective equipment (PPE) should be made available to [nurses and other health providers](#).
 - Work with an interdisciplinary team to meet requirements of ADA and FAPE.
 - High-risk individuals may meet criteria for exclusion during a local health crisis.
 - Refer to updated state and national guidance and resources such as:
 - U.S. Department of Education Supplemental Fact Sheet: Addressing the Risk of COVID-19 in Preschool, Elementary and Secondary Schools While Serving Children with Disabilities from March 21, 2020.
 - ODE guidance updates for Special Education. Example from March 11, 2020.
 - OAR 581-015-2000 Special Education, requires districts to provide 'school health services and school nurse services' as part of the 'related services' in order 'to assist a child with a disability to benefit from special education.'
 - OAR 333-019-0010 Public Health: Investigation and Control of Diseases: General Powers and Responsibilities, outlines authority and responsibilities for school exclusion.

- Students who receive services such as reading tutors will work with admin and staff to formulate a plan/schedule.

Visitors/Volunteers:

Visitors/Volunteers will not be allowed to onsite at this time. Adults onsite are limited to only essential personnel.

To this date Harmony doesn't have any students who require additional nursing services. And we are too small to employ a full time nurse.

1c. PHYSICAL DISTANCING

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Establish a minimum of 35 square feet per person when determining room capacity. Calculate only with usable classroom space, understanding that desks and room set-up will require use of all space in the calculation. This also applies for professional development and staff gatherings.</p>	<p>Classrooms:</p> <p>Forest Room (elementary 1-6 graders combined): 1060 sq ft/35 = not to exceed 15 students onsite at one time and a total of 17 for the cohort (children alternating days) and 2 teachers</p>

- X Support physical distancing in all daily activities and instruction, maintaining six feet between individuals to the maximum extent possible.
- X Minimize time standing in lines and take steps to ensure that six feet of distance between students is maintained, including marking spacing on floor, one-way traffic flow in constrained spaces, etc.
- X Schedule modifications to limit the number of students in the building (e.g., rotating groups by days or location, staggered schedules to avoid hallway crowding and gathering).
- X Plan for students who will need additional support in learning how to maintain physical distancing requirements. Provide instruction; don't employ punitive discipline.

4 Mixed-Age Classrooms (3-6 years)

Lake Room:
974 sq ft/35 = not to exceed 15 children onsite at one time with a total cohort of 17 (children alternating days) and two adults

Waterfall Room:
933 sq ft/35 = not to exceed 15 children onsite at one time with a total cohort of 17 (children alternating days) and two adults

Ocean Room:
845 sq ft/35 = not to exceed 15 children onsite at one time with a total cohort of 17 (children alternating days) and two adults

River Room:
970 sq ft/35 = not to exceed 15 children onsite at one time with a total cohort of 17 (children alternating days) and two adults

All classrooms will use their own entrance/exit throughout the school day. They will not be in any other part of the building.

The Lake Room, River Room, Forest Room and Waterfall rooms all have their own bathrooms and separate entrance and exit doors. The Ocean Room has their own bathroom directly outside their classroom and will be for their use only.

Any extra tutoring will be conducted in the Mud Room to allow for ventilation and minimum contact with tutors.

Each child will have an assigned seat within the classroom and their own cubbies for their personal items.

Children will eat snacks and lunch in their own classrooms at their assigned seats.

Harmony will develop best practices policy with Multnomah Early Childhood Providers when they return in September.

Harmony has scheduled outside times for each classroom with time in between for sanitizing.

Children will be split into groups and excused in these groups while waiting in line to minimize the waiting time. Physical distancing indicators will show children where to stand. Flow arrows will be on the floors to show them the direction to take when being dismissed, etc.

A letter outlining the instructional model, the rationale and vision behind it and specific infection control measures will be shared with all families through print and electronically when available.

Additional communication regarding protocols will be shared with families and staff in August prior to the start of on-site instruction.

Updated communication will be shared with families at least monthly or as updated information is available throughout the school year.

- X Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings.

1d. COHORTING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Where feasible, establish stable cohorts: groups should be no larger than can be accommodated by the space available to provide 35 square feet per person, including staff. <ul style="list-style-type: none"> • The smaller the cohort, the less risk of spreading disease. As cohort groups increase in size, the risk of spreading disease increases. 	<p>Each classroom will be a stable cohort with no mixing of cohorts during regular school hours.</p> <p>Our after-care program, Oasis, will take place in each classroom with no combining at the end of the day.</p>

- X Students cannot be part of any single cohort, or part of multiple cohorts that exceed a total of 100 people within the educational week. Schools should plan to limit cohort sizes to allow for efficient contact-tracing and minimal risk for exposure.
- X Each school must have a system for daily logs to ensure contact tracing among the cohort (see section 1a of the *Ready Schools, Safe Learners* guidance).
- X Minimize interaction between students in different stable cohorts (e.g., access to restrooms, activities, common areas). Provide access to All Gender/Gender Neutral restrooms.
- X Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.) must be maintained between multiple student uses, even in the same cohort.
- X Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-level academic content standards, and peers.
- X Staff who interact with multiple stable cohorts must wash/sanitize their hands between interactions with different stable cohorts.

--	--

1e. PUBLIC HEALTH COMMUNICATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Communicate to staff at the start of On-Site instruction and at periodic intervals explaining infection control measures that are being implemented to prevent spread of disease. X Develop protocols for communicating with students, families and staff who have come into close contact with a confirmed case. <ul style="list-style-type: none"> ● The definition of exposure is being within 6 feet of a COVID-19 case for 15 minutes (or longer). X Develop protocols for communicating immediately with staff, families, and the community when a new case(s) of COVID-19 is diagnosed in students or staff members, including a description of how the school or district is responding. X Provide all information in languages and formats accessible to the school community. 	<p>A letter outlining the instructional model, the rationale and vision behind it and specific infection control measures will be shared with all families.</p> <p>Additional communication regarding protocols and links to those protocols will be shared with families and staff prior to the start of on-site instruction.</p> <p>Updated communication will be shared with families at least monthly or as updated information is available throughout the school year.</p> <p>Share protocols on our website.</p> <p>Additionally we have a template letter including how Harmony is responding to a confirmed case among students or staff.</p>

1f. ENTRY AND SCREENING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Direct students and staff to stay home if they, or anyone in their homes or community living spaces, have COVID-19 symptoms, or if anyone in their home or community living spaces has COVID-19. COVID-19 symptoms are as follows: <ul style="list-style-type: none"> ● Primary symptoms of concern: cough, fever (<i>temperature</i> greater than 100.4°F) or chills, shortness of breath, or difficulty breathing. ● Note that muscle pain, headache, sore throat, new loss of taste or smell, diarrhea, nausea, vomiting, nasal congestion, and runny nose are also symptoms often associated with COVID-19. More information about COVID-19 symptoms is available from CDC. ● In addition to COVID-19 symptoms, students should be excluded from school for signs of other infectious diseases, per existing school policy and protocols. See pages 9-12 of OHA/ODE Communicable Disease Guidance. ● Emergency signs that require immediate medical attention: <ul style="list-style-type: none"> ○ Trouble breathing ○ Persistent pain or pressure in the chest ○ New confusion or inability to awaken ○ Bluish lips or face (lighter skin); greyish lips or face (darker skin) ○ Other severe symptoms 	<p>Screening students:</p> <p>Students will be screened by staff members before entering their classrooms. Each classroom has a separate entrance/exit. Parents will be involved in the screening process so they may take their child home if there are any symptoms. There is a place on the sign-in/out form to indicate the screening was done before entering the building.</p> <p>Children will go in and directly wash hands. Hand sanitizer is available at each check in site.</p> <p>Screening staff:</p> <p>Each staff member washes their hands directly after entering the building. Takes their temperature and records it along with the date and time. When they sign in they are affirming that they are symptom-free and that they have had no contact with anyone with a confirmed case of COVID-19.</p> <p>Ongoing:</p> <p>Reminders to parents to report actual symptoms when calling students "in sick" as part of communicable disease surveillance. Email all staff and parents link to ODE's Scenario Flow Charts so they can know what will happen if they have contact with COVID-19.</p>

<p>X Screen all students and staff for symptoms on entry to bus/school every day. This can be done visually and/or with confirmation from a parent/caregiver/guardian. Staff members can self-screen and attest to their own health.</p> <ul style="list-style-type: none"> • Anyone displaying or reporting the primary symptoms of concern must be isolated (see section 1i of the Ready Schools, Safe Learners guidance) and sent home as soon as possible. See table "Planning for COVID-19 Scenarios in Schools." • Additional guidance for nurses and health staff. <p>X Follow LPHA advice on restricting from school any student or staff known to have been exposed (e.g., by a household member) to COVID-19. See table "Planning for COVID-19 Scenarios in Schools."</p> <p>X Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school.</p> <p>X Hand hygiene on entry to school every day: wash with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol.</p>	<p>Do not exclude staff or students who have a cough that is not a new onset or worsening cough (e.g., asthma, allergies, etc.) from school.</p> <p>Parents/guardians can provide information regarding existing conditions that cause coughing to be utilized for the purpose of screening, as previously existing coughs that are not worsening are not considered symptomatic of COVID-19.</p>
--	---

1g. VISITORS/VOLUNTEERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Restrict non-essential visitors/volunteers.</p> <ul style="list-style-type: none"> • Examples of essential visitors include: DHS Child Protective Services, Law Enforcement, etc. • Examples of non-essential visitors/volunteers include: Parent Teacher Association (PTA), classroom volunteers, etc. <p>X Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been exposed to COVID-19. See table "Planning for COVID-19 Scenarios in Schools."</p> <p>X Visitors/volunteers must wash or sanitize their hands upon entry and exit.</p> <p>X Visitors/volunteers must maintain six-foot distancing, wear face coverings, and adhere to all other provisions of this guidance.</p>	<p>Visitors/Volunteers will be unable to work in schools, or complete other volunteer activities that require in person interaction, at this time. Adults in schools are limited to essential personnel only.</p> <p>Essential visitors must wear a face covering, wash hands upon entering the building, sign in and record temperature. A staff member will screen all essential visitors for symptoms upon entry and restrict access to anyone who has had contact with a confirmed case of COVID-19.</p>

1h. FACE COVERINGS, FACE SHIELDS, AND CLEAR PLASTIC BARRIERS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Face coverings or face shields for all staff, contractors, other service providers, or visitors or volunteers following CDC guidelines for Face Coverings. Individuals may remove their face coverings while working alone in private offices.</p> <p>X Face coverings or face shields for all students in grades Kindergarten and up following CDC guidelines for Face Coverings.</p> <p>X If a student removes a face covering, or demonstrates a need to remove the face covering for a short-period of time:</p> <ul style="list-style-type: none"> • Provide space away from peers while the face covering is removed. In the classroom setting, an example could be a designated chair where a student can sit and take a 15 minute "sensory break;" <ul style="list-style-type: none"> ○ Students should not be left alone or unsupervised; ○ Designated area or chair should be appropriately distanced from other students and of a material that is easily wiped down for disinfection after each use; • Provide additional instructional supports to effectively wear a face covering; • Provide students adequate support to re-engage in safely wearing a face covering; 	<p>Staff:</p> <p>Cloth face coverings are required for all staff who enter the building. The exceptions are granted that teachers may wear wrap around plastic face shields when:</p> <ul style="list-style-type: none"> • Giving language lessons • On break (outside the building or in a closed room by themselves) <p>Harmony provided two types of face shields and multiple cloth face coverings for all staff members.</p> <p>Children:</p> <p>Facial covering are NOT recommended for:</p> <ul style="list-style-type: none"> ● Children under the age of 2 ● Children of any age should not wear a face covering: <ul style="list-style-type: none"> • If they have a medical condition that makes it difficult for them to breathe with a face covering; • If they experience a disability that prevents them from wearing a face covering; • They are unable to remove the face covering independently; or • While sleeping.

- Students cannot be discriminated against or disciplined for an inability to safely wear a face covering during the school day.
- X Face masks for school RNs or other medical personnel when providing direct contact care and monitoring of staff/students displaying symptoms. School nurses should also wear appropriate Personal Protective Equipment (PPE) for their role.
- [Additional guidance](#) for nurses and health staff.

Protections under the ADA or IDEA

- X If any student requires an accommodation to meet the requirement for face coverings, districts and schools should limit the student's proximity to students and staff to the extent possible to minimize the possibility of exposure. Appropriate accommodations could include:
- Offering different types of face coverings and face shields that may meet the needs of the student.
 - Spaces away from peers while the face covering is removed; students should not be left alone or unsupervised.
 - Short periods of the educational day that do not include wearing the face covering, while following the other health strategies to reduce the spread of disease;
 - Additional instructional supports to effectively wear a face covering;

- X For students with existing medical conditions and a physician's orders to not wear face coverings, or other health related concerns, schools/districts **must not** deny any in-person instruction.

- X Schools and districts must comply with the established IEP/504 plan prior to the closure of in-person instruction in March of 2020.
- If a student eligible for, or receiving services under a 504/IEP, **cannot** wear a face covering due to the nature of the disability, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan including on-site instruction with accommodations or adjustments.
 2. Placement determinations cannot be made due solely to the inability to wear a face covering.
 3. Plans should include updates to accommodations and modifications to support students.
 - Students protected under ADA/IDEA, who abstain from wearing a face covering, or students whose families determine the student will not wear a face covering, the school or district must:
 1. Review the 504/IEP to ensure access to instruction in a manner comparable to what was originally established in the student's plan.
 2. The team must determine that the disability is not prohibiting the student from meeting the requirement.
 - If the team determines that the disability is prohibiting the student from meeting the requirement, follow the requirements for students eligible for, or receiving services under, a 504/IEP who cannot wear a face covering due to the nature of the disability,
 - If a student's 504/IEP plan included supports/goals/instruction for behavior or social

Harmony recognizes it may be difficult for young children to wear cloth face coverings for long periods of time or because of sensory or other needs. Families are asked to contact their teacher or the Head of School to make a plan for breaks throughout the day. (Examples: a support teacher taking a child outside for breaks, a designated chair placed well away from others for 15 minute breaks while wearing a face shield.) A teacher will remain in sight of any child taking a break from cloth face coverings.

The teachers will continue to give lessons on proper cloth face covering protocol to their students.

Admin will continue to send out reminders about cloth face covering hygiene.

Harmony will provide child-sized cloth face coverings for all children who come to school without one. And has offered extras to any family that doesn't have access to them.

<p>emotional learning, the school team must evaluate the student’s plan prior to providing instruction through Comprehensive Distance Learning.</p> <p>3. Hold a 504/IEP meeting to determine equitable access to educational opportunities which may include limited in-person instruction, on-site instruction with accommodations, or Comprehensive Distance Learning.</p> <p>X For students not currently served under an IEP or 504, districts must consider whether or not student inability to consistently wear a face covering or face shield as required is due to a disability. Ongoing inability to meet this requirement may be evidence of the need for an evaluation to determine eligibility for support under IDEA or Section 504.</p> <p>X If a staff member requires an accommodation for the face covering or face shield requirements, districts and schools should work to limit the staff member’s proximity to students and staff to the extent possible to minimize the possibility of exposure.</p>	
---	--

1i. ISOLATION AND QUARANTINE

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Protocols for exclusion and isolation for sick students and staff whether identified at the time of bus pick-up, arrival to school, or at any time during the school day.</p> <p>X Protocols for screening students, as well as exclusion and isolation protocols for sick students and staff identified at the time of arrival or during the school day.</p> <ul style="list-style-type: none"> ● Work with school nurses, health care providers, or other staff with expertise to determine necessary modifications to areas where staff/students will be isolated. If two students present COVID-19 symptoms at the same time, they must be isolated at once. If separate rooms are not available, ensure that six feet distance is maintained. Do not assume they have the same illness. ● Consider required physical arrangements to reduce risk of disease transmission. ● Plan for the needs of generally well students who need medication or routine treatment, as well as students who may show signs of illness. ● Additional guidance for nurses and health staff. <p>X Students and staff who report or develop symptoms must be isolated in a designated isolation area in the school, with adequate space and staff supervision and symptom monitoring by a school nurse, other school-based health care provider or school staff until they are able to go home. Anyone providing supervision and symptom monitoring must wear appropriate face covering or face shields.</p> <ul style="list-style-type: none"> ● School nurse and health staff in close contact with symptomatic individuals (less than 6 feet) should wear a medical-grade face mask. Other Personal Protective Equipment (PPE) may be needed depending on symptoms and care provided. Consult a nurse or health care professional regarding appropriate use of PPE. Any PPE used during care of a symptomatic individual should be properly removed and disposed of prior to exiting the care space. ● After removing PPE, hands should be immediately cleaned with soap and water for at least 20 seconds. If soap and water are not available, hands can be cleaned with an alcohol-based hand sanitizer that contains 60-95% alcohol. ● If able to do so safely, a symptomatic individual should wear a face covering. ● To reduce fear, anxiety, or shame related to isolation, provide a clear explanation of procedures, including use of PPE and handwashing. 	<p>All students who become ill at school with excludable symptoms will remain at school supervised by staff until parents can pick them up in the designated isolation area (the library or staff room). Students will be provided a facial covering (if they can safely wear one). Staff should wear a cloth facial covering and a plastic face shield. Sanitized PPE is in a ziploc bag hanging from the library door (isolation room). Staff should maintain physical distancing, but never leave a child unattended.</p> <ul style="list-style-type: none"> ● While exercising caution to maintain (ensure) safety is appropriate when working with children exhibiting symptoms, it is also critical that staff maintain sufficient composure and disposition so as not to unduly worry a student or family. Staff will maintain student confidentiality as appropriate. Daily logs must be maintained containing the following: <ul style="list-style-type: none"> ● Name of students sent home for illness, cause of illness, time of onset, as per designated communicable disease surveillance logs; and ● Name of students visiting the office for illness symptoms, even if not sent home, as per routine health logs ● Staff and students with known or suspected COVID-19 cannot remain at school and should return only after their symptoms resolve and they are physically ready to return to school. In no case can they return before: <ul style="list-style-type: none"> ○ the passage of 10 calendar days after known exposure date; and ○ symptoms have been resolved for 24 hours without the use of anti-fever medications. <p>Send staff/families the Self-Monitoring Symptom Form to fill out daily if they have been sent home for symptoms or have been diagnosed with COVID-19.</p> <p>Staff and families will be sent one or more of the flow charts provided by ODE for School Scenarios How to Handle Exposure to COVID-19.</p>

- X Establish procedures for safely transporting anyone who is sick to their home or to a health care facility.
- X Staff and students who are ill must stay home from school and must be sent home if they become ill at school, particularly if they have COVID-19 symptoms. Refer to table in "[Planning for COVID-19 Scenarios in Schools.](#)"
- X Involve school nurses, School Based Health Centers, or staff with related experience (Occupational or Physical Therapists) in development of protocols and assessment of symptoms (where staffing exists).
- X Record and monitor the students and staff being isolated or sent home for the LPHA review.

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the **Ready Schools, Safe Learners** guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Enroll all students (including foreign exchange students) following the standard Oregon Department of Education guidelines. <input type="checkbox"/> The temporary suspension of the 10-day drop rule does not change the rules for the initial enrollment date for students: <ul style="list-style-type: none"> • The ADM enrollment date for a student is the first day of the student's actual attendance. • A student with fewer than 10 days of absence at the beginning of the school year may be counted in membership prior to the first day of attendance, but not prior to the first calendar day of the school year. • If a student does not attend during the first 10 session days of school, the student's ADM enrollment date must reflect the student's actual first day of attendance. • Students who were anticipated to be enrolled, but who do not attend at any time must not be enrolled and submitted in ADM. <input type="checkbox"/> If a student has stopped attending for 10 or more days, districts must continue to try to engage the student. At a minimum, districts must attempt to contact these students and their families weekly to either encourage attendance or receive confirmation that the student has transferred or has withdrawn from school. This includes students who were scheduled to start the school year, but who have not yet attended. <input type="checkbox"/> When enrolling a student from another school, schools must request documentation from the prior school within 10 days of enrollment per OAR 581-021-0255 to make all parties aware of the transfer. Documentation obtained directly from the family does not relieve the school of this responsibility. After receiving documentation from another school that a student has enrolled, drop that student from your roll. <input type="checkbox"/> Design attendance policies to account for students who do not attend in-person due to student or family health and safety concerns. 	<p>Harmony is a private school. This section is not applicable.</p>

- When a student has a pre-excused absence or COVID-19 absence, the school district should reach out to offer support at least weekly until the student has resumed their education.
- When a student is absent beyond 10 days and meets the criteria for continued enrollment due to the temporary suspension of the 10 day drop rule, continue to count them as absent for those days and include those days in your Cumulative ADM reporting.

2b. ATTENDANCE

(Note: Section 2b does not apply to private schools.)

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Grades K-5 (self-contained): Attendance must be taken at least once per day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Grades 6-12 (individual subject): Attendance must be taken at least once for each scheduled class that day for all students enrolled in school, regardless of the instructional model (On-Site, Hybrid, Comprehensive Distance Learning, online schools). <input type="checkbox"/> Alternative Programs: Some students are reported in ADM as enrolled in a non-standard program (such as tutorial time), with hours of instruction rather than days present and days absent. Attendance must be taken at least once for each scheduled interaction with each student, so that local systems can track the student's attendance and engagement. Reported hours of instruction continue to be those hours in which the student was present. <input type="checkbox"/> Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance. <input type="checkbox"/> Provide families with clear and concise descriptions of student attendance and participation expectations as well as family involvement expectations that take into consideration the home environment, caregiver's work schedule, and mental/physical health. 	<p>Harmony is a private school. This section is not applicable.</p>

2c. TECHNOLOGY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Update procedures for district-owned or school-owned devices to match cleaning requirements (see section 2d of the Ready Schools, Safe Learners guidance). X Procedures for return, inventory, updating, and redistributing district-owned devices must meet physical distancing requirements. 	<p>Elementary will use their already established Online Learning Program. They will communicate the schedule for group lessons and individual lessons to their families. They will provide weekly support for both students and the adults supporting them.</p> <p>Teachers will also communicate by phone with families and students. We will use Zoom gatherings and Google docs for course work. Our teachers will request feedback so they are meeting the needs of their families.</p> <p>Staff will receive technology support from the admin.</p>

2d. SCHOOL SPECIFIC FUNCTIONS/FACILITY FEATURES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Handwashing: All people on campus should be advised and encouraged to wash their hands frequently. X Equipment: Develop and use sanitizing protocols for all equipment used by more than one individual or purchase equipment for individual use. X Events: Cancel, modify, or postpone field trips, assemblies, athletic events, practices, special performances, school-wide parent meetings and other large gatherings to meet requirements for physical distancing. X Transitions/Hallways: Limit transitions to the extent possible. Create hallway procedures to promote physical distancing and minimize gatherings. X Personal Property: Establish policies for personal property being brought to school (e.g., refillable water bottles, school supplies, headphones/earbuds, cell phones, books, instruments, etc.). If 	<ul style="list-style-type: none"> ● Handwashing: Each classroom has multiple sinks for students and staff. The lobby has sinks for handwashing for support staff. Hand sanitizer is available for when hand washing isn't an option. ● Equipment: All classroom supplies and PE equipment will be cleaned and sanitized before use by another student or cohort group. ● Safety Drills: During Fire drills (and all other safety drills), each cohort will exit from their own entrance/exit door. The students will physically distance to their designated check in point and use physical distancing when they return to their classrooms. ● Events: All field trips and other events throughout the school year

personal items are brought to school, they must be labeled prior to entering school and use should be limited to the item owner.

will be canceled or done virtually.

- **Transitions/Hallways:** All classrooms have separate entrance/exit doors so there will not be any time where children meet in the halls. Lining up procedures will be done in small groups to allow for social distancing. These areas will be clearly marked with physical distancing cues.
- **Personal Property:** Each child will bring a bag containing all their personal items: water bottle, change of clothes, lunch box, coat, etc. All personal items will go in these bags to reduce contact. Children will be guided on when/how to access their personal items from their teachers to ensure physical distancing.
- **Restrooms:** Each classroom has their own bathroom facilities. They will be cleaned and disinfected daily.

2e. ARRIVAL AND DISMISSAL

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Physical distancing, stable cohorts, square footage, and cleaning requirements must be maintained during arrival and dismissal procedures.</p> <p>X Create schedule(s) and communicate staggered arrival and/or dismissal times.</p> <p>X Assign students or cohorts to an entrance; assign staff member(s) to conduct visual screenings (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance).</p> <p>X Ensure accurate sign-in/sign-out protocols to help facilitate contact tracing by the LPHA. Sign-in procedures are not a replacement for entrance and screening requirements. Students entering school after arrival times must be screened for the primary symptoms of concern.</p> <ul style="list-style-type: none"> ● Eliminate shared pen and paper sign-in/sign-out sheets. ● Ensure hand sanitizer is available if signing children in or out on an electronic device. <p>X Ensure alcohol-based hand sanitizer (with 60-95% alcohol) dispensers are easily accessible near all entry doors and other high-traffic areas. Establish and clearly communicate procedures for keeping caregiver drop-off/pick-up as brief as possible.</p>	<p>Screening Students: Students will be screened by the staff before entering the building. A staff member at each point of entry will ask about symptoms, take child's temperature, and log info into the Daily Log sheet.</p> <ul style="list-style-type: none"> ● Each teacher/staff member will use a sign-in/sign-out protocol to help facilitate contact tracing. Hand sanitizer is available at drop-off/pick-up times. Staff and children wash hands directly upon entering the building. ● Share with families the need to keep drop-off/pick-up interactions as brief as possible. ● We have marked designated areas for drop-off/pick-up times. Also we have a staggered drop-off/pick-up schedule to accommodate physical distancing. <p>If there is a late arrival or early pick-up, families must call the office for a staff member to meet them outside their classroom doors so we can screen and sign them in.</p>

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Seating: Rearrange student desks and other seat spaces so that staff and students' physical bodies are six feet apart to the maximum extent possible while also maintaining 35 square feet per person; assign seating so students are in the same seat at all times.</p> <p>X Materials: Avoid sharing of community supplies when possible (e.g., scissors, pencils, etc.). Clean these items frequently. Provide hand sanitizer and tissues for use by students and staff.</p> <p>X Handwashing: Remind students (with signage and regular verbal reminders from staff) of the utmost importance of hand hygiene and respiratory etiquette. Respiratory etiquette means covering coughs and sneezes with an elbow or a tissue. Tissues should be disposed of in a garbage can, then hands washed or sanitized immediately.</p> <ul style="list-style-type: none"> ● Wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol. 	<ul style="list-style-type: none"> ● Seating: Classroom desks and tables will be arranged with students being seated a minimum of six feet apart. Students will use a single assigned seat at all times. ● Materials: Each classroom will limit sharing of community supplies when possible (e.g., scissors, pencils, etc.). If needed to share, these items will be cleaned between each use. Hand sanitizer and tissues will be available for use by students and staff. ● Hand Washing: All students will wash their hands upon building entry and prior to breakfast and lunch. Additional hand washing opportunities will be provided throughout the school day. <p>Signage at each sink/hand washing station will remind students and staff of effective handwashing practices.</p> <p>Environment: When possible, windows will be open in the classroom before students arrive and after students leave. Each classroom will hold classes outside when possible and encourage students to spread out.</p>

2g. PLAYGROUNDS, FIELDS, RECESS, BREAKS, AND RESTROOMS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Keep school playgrounds closed to the general public until park playground equipment and benches reopen in the community (see Oregon Health Authority’s Specific Guidance for Outdoor Recreation Organizations).</p> <p>X After using the restroom students must wash hands with soap and water for 20 seconds. Soap must be made available to students and staff.</p> <p>X Before and after using playground equipment, students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol.</p> <p>X Designate playground and shared equipment solely for the use of one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance.</p> <p>X Cleaning requirements must be maintained (see section 2j of the Ready Schools, Safe Learners guidance).</p> <p>X Maintain physical distancing requirements, stable cohorts, and square footage requirements.</p> <p>X Provide signage and restrict access to outdoor equipment (including sports equipment, etc.).</p> <p>X Design recess activities that allow for physical distancing and maintenance of stable cohorts.</p> <p>X Clean all outdoor equipment at least daily or between use as much as possible in accordance with CDC guidance.</p> <p>X Limit staff rooms, common staff lunch areas, elevators and workspaces to single person usage at a time, maintaining six feet of distance between adults.</p>	<ul style="list-style-type: none"> ● Classrooms have a staggered schedule during the school day. ● We have a designated staff to sanitize all playground equipment daily and in between each cohort group. ● Students must wash hands before and after using playground equipment. Until the playground is open, classes may use the gymnasium for recess if/when available. ● Recess activities will be planned to support physical distancing and maintain stable cohorts. This can include limiting the number of students on one piece of equipment, at one game, etc. ● Only one staff member is allowed in all resupply/break areas.

2h. MEAL SERVICE/NUTRITION

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Include meal services/nutrition staff in planning for school reentry.</p> <p>X Prohibit self-service buffet-style meals.</p> <p>X Prohibit sharing of food and drinks among students and/or staff.</p> <p>X At designated meal or snack times, students may remove their face coverings to eat or drink but must maintain six feet of physical distance from others, and must put face coverings back on after finishing the meal or snack.</p> <p>X Staff serving meals and students interacting with staff at mealtimes must wear face shields or face covering (see section 1h of the Ready Schools, Safe Learners guidance).</p> <p>X Students must wash hands with soap and water for 20 seconds <u>or</u> use an alcohol-based hand sanitizer with 60-95% alcohol before meals and should be encouraged to do so after.</p> <p>X Appropriate daily cleaning of meal items (e.g., plates, utensils, transport items).</p> <p>X Cleaning and sanitizing of meal touch-points and meal counting system between stable cohorts.</p> <p>X Adequate cleaning and disinfection of tables between meal periods.</p> <p>X Since staff must remove their face coverings during eating and drinking, staff should eat snacks and meals independently, and not in staff rooms when other people are present. Consider staggering times for staff breaks, to prevent congregation in shared spaces.</p>	<ul style="list-style-type: none"> ● All snacks and lunch will be consumed in the student's classroom. ● All students must wash hands before and after eating. ● All tables will be sanitized before and after meals. ● All snacks and lunches will come from the student's house or will be provided by the cafeteria. Each snack or lunch will be boxed in a reusable container clearly labeled with each child's name. ● The food service provider takes all used snack/lunch containers to clean and sanitize in the kitchen area.

2i. TRANSPORTATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>Include transportation departments (and associated contracted providers, if used) in planning for return to service.</p> <p><input type="checkbox"/> Buses are cleaned frequently. Conduct targeted cleanings between routes, with a focus on disinfecting frequently touched surfaces of</p>	N/A

the bus (see section 2j) of the *Ready Schools, Safe Learners* guidance).

- Develop protocol for loading/unloading that includes visual screening for students exhibiting symptoms and logs for contact-tracing. This should be done at the time of arrival and departure.
 - If a student displays COVID-19 symptoms, provide a face shield or face covering (unless they are already wearing one) and keep six feet away from others. Continue transporting the student.
 - The symptomatic student should be seated in the first row of the bus during transportation, and multiple windows should be opened to allow for fresh air circulation, if feasible.
 - The symptomatic student should leave the bus first. After all students exit the bus, the seat and surrounding surfaces should be cleaned and disinfected.
 - If arriving at school, notify staff to begin isolation measures.
 - If transporting for dismissal and the student displays an onset of symptoms, notify the school.
- Consult with parents/guardians of students who may require additional support (e.g., students who experience a disability and require specialized transportation as a related service) to appropriately provide service.
- Drivers wear face shields or face coverings when not actively driving and operating the bus.
- Inform parents/guardians of practical changes to transportation service (i.e., physical distancing at bus stops and while loading/unloading, potential for increased route time due to additional precautions, sanitizing practices, and face coverings).
- Face coverings or face shields for all students in grades Kindergarten and up following [CDC guidelines](#) applying the guidance in section 1h of the *Ready Schools, Safe Learners* guidance to transportation settings.

2j. CLEANING, DISINFECTION, AND VENTILATION

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Clean, sanitize, and disinfect frequently touched surfaces (e.g. door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) between uses multiple times per day. Maintain clean and disinfected (CDC guidance) environments, including classrooms, cafeteria settings and restrooms.</p> <p>X Clean and disinfect playground equipment at least daily or between use as much as possible in accordance with CDC guidance.</p> <p>X Apply disinfectants safely and correctly following labeling direction as specified by the manufacturer. Keep these products away from students.</p> <p>X To reduce the risk of asthma, choose disinfectant products on the EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide, citric acid, or lactic acid) and avoid products that mix these with asthma-causing ingredients like peroxyacetic acid, sodium hypochlorite (bleach), or quaternary ammonium compounds.</p> <p>X Schools with HVAC systems should evaluate the system to minimize indoor air recirculation (thus maximizing fresh outdoor air) to the extent possible. Schools that do not have mechanical ventilation systems should, to the extent possible, increase natural ventilation by opening windows and doors before students arrive and after students leave, and while students are present.</p> <p>X Consider running ventilation systems continuously and changing the filters more frequently. Do <u>not</u> use fans if they pose a safety or health risk, such as increasing exposure to pollen/allergies or exacerbating asthma symptoms. Consider using window fans or box fans positioned in open windows to blow fresh outdoor air into the</p>	<p>All frequently touched surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and shared objects (e.g., toys, games, art supplies) will be cleaned between uses by different cohorts, but not less than once daily.</p> <ul style="list-style-type: none"> ● Follow CDC guidelines for cleaning. ● Follow Daily Classroom Cleaning, Sanitizing, Disinfecting Schedule. ● Designated staff members to make up sanitizing and disinfecting solutions and distribute to the classrooms. <p>Ventilation systems have been checked and maintained by Roth Heating & Cooling. Percentage of outdoor air is at a maximum for performance of HVAC.</p>

- classroom via one window, and indoor air out of the classroom via another window. Fans should not be used in rooms with closed windows and doors, as this does not allow for fresh air to circulate.
- X Consider the need for increased ventilation in areas where students with special health care needs receive medication or treatments.
 - X Facilities should be cleaned and disinfected at least daily to prevent transmission of the virus from surfaces (see [CDC's guidance on disinfecting public spaces](#)).
 - X Consider modification or enhancement of building ventilation where feasible (see [CDC's guidance on ventilation and filtration](#) and [American Society of Heating, Refrigerating, and Air-Conditioning Engineers' guidance](#)).

--

2k. HEALTH SERVICES

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X OAR 581-022-2220 Health Services, requires districts to “maintain a prevention-oriented health services program for all students” including space to isolate sick students and services for students with special health care needs. While OAR 581-022-2220 does not apply to private schools, private schools must provide a space to isolate sick students and provide services for students with special health care needs. X Licensed, experienced health staff should be included on teams to determine district health service priorities. Collaborate with health professionals such as school nurses; SBHC staff; mental and behavioral health providers; dental providers; physical, occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC). 	<ul style="list-style-type: none"> ● Each classroom will provide age appropriate hand hygiene and respiratory etiquette education to endorse prevention. This includes website, newsletter and signage in the school setting for health promotion. ● Schools will practice appropriate communicable disease isolation and exclusion measures. ● Staff will participate in required health services related training to maintain health services practices in the school setting. ● COVID-19 specific infection control practices for staff and students will be communicated. ● Immunization processes will be addressed as per routine timeline, which prioritizes the beginning of the year and new students. Information for immunization clinics will be provided to families. ● Continuity of existing health management issues will have a plan for sustaining operations alongside COVID-19 specific planning (i.e. medication administration, etc.).

2l. BOARDING SCHOOLS AND RESIDENTIAL PROGRAMS ONLY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> <input type="checkbox"/> Provide specific plan details and adjustments in Operational Blueprints that address staff and student safety, which includes how you will approach: <ul style="list-style-type: none"> ● Contact tracing ● The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. ● Quarantine of exposed staff or students ● Isolation of infected staff or students ● Communication and designation of where the “household” or “family unit” applies to your residents and staff <input type="checkbox"/> Review and take into consideration CDC guidance for shared or congregate housing: <ul style="list-style-type: none"> ● Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible ● Ensure at least 64 square feet of room space per resident ● Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; ● Configure common spaces to maximize physical distancing; ● Provide enhanced cleaning; ● Establish plans for the containment and isolation of on-campus cases, including consideration of PPE, food delivery, and bathroom needs. 	<p>N/A</p>

2m. SCHOOL EMERGENCY PROCEDURES AND DRILLS

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X In accordance with ORS 336.071 and OAR 581-022-2225 all schools (including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies.</p> <ul style="list-style-type: none"> ● At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats. ● Fire drills must be conducted monthly. ● Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. ● Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. <p>X Drills can and should be carried out <u>as close as possible</u> to the procedures that would be used in an actual emergency. For example, a fire drill should be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill.</p> <p>X When or if physical distancing must be compromised, drills must be completed in less than 15 minutes.</p> <p>X Drills should not be practiced unless they can be practiced correctly.</p> <p>X Train staff on safety drills prior to students arriving on the first day on campus in hybrid or face-to-face engagement.</p> <p>X If on a hybrid schedule, conduct multiple drills each month to ensure that all cohorts of students have opportunities to participate in drills (i.e., schedule on different cohort days throughout the year).</p> <p>X Students must wash hands with soap and water for 20 seconds or use an alcohol-based hand sanitizer with 60-95% alcohol after a drill is complete.</p>	<p>Harmony will continue with Fire and other Safety Drills whether onsite or using CDL for at least 30 minutes within a months time.</p> <p>Harmony will use the same routes and have the same alarms as normal.</p> <p>Harmony has enough space to conduct these drills with social distancing but if not then we will keep them to under 15 minutes.</p> <p>Harmony will train staff on the safety drill before the first day of school.</p> <p>Our CDL instructor will also perform drills once a month.</p> <p>All staff and children will wash hands or use hand sanitizer after the drill.</p>

2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OHA/ODE Requirements	Hybrid/Onsite Plan
<p>X Utilize the components of Collaborative Problem Solving or a similar framework to continually provide instruction and skill-building/training related to the student’s demonstrated lagging skills.</p> <p>X Take proactive/preventative steps to reduce antecedent events and triggers within the school environment.</p> <p>X Be proactive in planning for known behavioral escalations (e.g., self-harm, spitting, scratching, biting, eloping, failure to maintain physical distance). Adjust antecedents where possible to minimize student and staff dysregulation. Recognize that there could be new and different antecedents and setting events with the additional requirements and expectations for the 2020-21 school year.</p> <p>X Establish a proactive plan for daily routines designed to build self-regulation skills; self-regulation skill-building sessions can be short (5-10 minutes), and should take place at times when the student is regulated and/or is not demonstrating challenging behaviors.</p> <p>X Ensure all staff are trained to support de-escalation, provide lagging skill instruction, and implement alternatives to restraint and seclusion.</p> <p>X Ensure that staff are trained in effective, evidence-based methods for developing and maintaining their own level of self-regulation and</p>	<ul style="list-style-type: none"> ● Harmony has scheduled an online Stress, Trauma and de-escalation Training before school starts. The instructor is familiar with Collaborative Problem Solving and feels the training will be equivalent CPS. ● Harmony has an already established process for observing, recording behaviors/triggers and working closely with our Head of School, parent/gaurdians to establish clear plans and goals for children who are dysregulated, escalated and/or exhibiting self-regulatory challenges. ● We use <i>Incredible Flexible You</i> curriculum to help establish methods for “how to” ... ● Harmony regularly uses social stories and picture charts to help children self-regulate. ● Harmony utilizes small group lessons to establish the daily routines and self-regulating skills. ● We have sensory baskets with many options for children to use. ● We recognize that there might be new or elevated triggers as the school year begins amidst so many unknowns. ● Harmony will make a plan to mitigate behaviors for public health and safety during our all staff meetings before the school year starts. We will align our language and responses to any incidents of this nature so we can support each other.

resilience to enable them to remain calm and able to support struggling students as well as colleagues.

X Plan for the impact of behavior mitigation strategies on public health and safety requirements:

- Student elopes from area
 - If staff need to intervene for student safety, staff should:
 - Use empathetic and calming verbal interactions (i.e. “This seems hard right now. Help me understand... How can I help?”) to attempt to re-regulate the student without physical intervention.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff.
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
- Student engages in behavior that requires them to be isolated from peers and results in a room clear.
 - If students leave the classroom:
 - Preplan for a clean and safe alternative space that maintains physical safety for the student and staff
 - Ensure physical distancing and separation occur, to the maximum extent possible.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff.
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.
- Student engages in physically aggressive behaviors that preclude the possibility of maintaining physical distance and/or require physical de-escalation or intervention techniques other than restraint or seclusion (e.g., hitting, biting, spitting, kicking, self-injurious behavior).
 - If staff need to intervene for student safety, staff should:
 - Maintain student dignity throughout and following the incident.
 - Use empathetic and calming verbal interactions (i.e. “This seems hard right now. Help me understand... How can I help?”) to attempt to re-regulate the student without physical intervention.
 - Use the least restrictive interventions possible to maintain physical safety for the student and staff
 - Wash hands after a close interaction.
 - Note the interaction on the appropriate contact log.
 - *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs.

X Ensure that spaces that are unexpectedly used to deescalate behaviors are appropriately cleaned and sanitized after use before the introduction of other stable cohorts to that space.

Protective Physical Intervention

X Reusable Personal Protective Equipment (PPE) must be cleaned/sanitized after every episode of physical intervention (see section 2j of the *Ready Schools, Safe Learners* guidance: Cleaning, Disinfection, and Ventilation).

- Support staff are available for additional support if a child needs to leave the classroom. The first option will be to take a break outside. The next option would be to use the library. The support staff will disinfect the library after the child is able to enter the classroom again.
- All staff have multiple sets of PPE so they can switch as needed. We have additional sets in Ziploc bags in the library and outside each classroom.

3. Response to Outbreak

3a. PREVENTION AND PLANNING

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Review the "Planning for COVID-19 Scenarios in Schools" toolkit. X Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level. 	<p>Harmony has reviewed the Planning for COVID-19 Scenarios in Schools toolkit.</p> <p>We will continue to monitor the current transmission levels by visiting our LPHA's website.</p>

3b. RESPONSE

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Review and utilize the "Planning for COVID-19 Scenarios in Schools" toolkit. X Ensure continuous services and implement Comprehensive Distance Learning. X Continue to provide meals for students. 	<ul style="list-style-type: none"> ● In the case of confirmed COVID-19 cases within Harmony we will follow our Protocol for Communication for a Confirmed Case of COVID-19. ● Harmony has reviewed the Planning for COVID-19 Scenarios in Schools toolkit and will utilize the templates for communicating with families in case of illnesses at school. ● We will share the information with parents and staff so they can familiarize themselves with the content for easier use during an illness or outbreak. ● Harmony is not part of the Child Nutrition program.

3c. RECOVERY AND REENTRY

OHA/ODE Requirements	Hybrid/Onsite Plan
<ul style="list-style-type: none"> X Review and utilize the "Planning for COVID-19 Scenarios in Schools" toolkit. X Clean, sanitize, and disinfect surfaces (e.g., playground equipment, door handles, sink handles, drinking fountains, transport vehicles) and follow CDC guidance for classrooms, cafeteria settings, restrooms, and playgrounds. X When bringing students back into On-Site or Hybrid instruction, consider smaller groups, cohorts, and rotating schedules to allow for a safe return to schools. 	<ul style="list-style-type: none"> ● In the case of confirmed COVID-19 cases within Harmony we will follow our Protocol for Communication for a Confirmed Case of COVID-19. <ul style="list-style-type: none"> ○ Within the above correspondence our Head of School will have a detailed timeline and criteria that must be met before reopening for staff and families. ○ And a plan for follow ups with updates/new information. ● If classrooms or the whole school is closed, Harmony will implement our Short-Term Distance Learning Plan for all students and staff. ● Harmony will ensure our cohort sizes remain small for the health and safety of both families and staff.

ASSURANCES

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models. Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance. This section does not apply to private schools.

N/A We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:

- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
- The [Comprehensive Distance Learning](#) guidance,
- The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
- [Planning for COVID-19 Scenarios in Schools](#)

N/A We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:

- Sections 4, 5, 6, 7, and 8 of the [Ready Schools, Safe Learners](#) guidance,
- The [Comprehensive Distance Learning](#) guidance,
- The [Ensuring Equity and Access: Aligning Federal and State Requirements](#) guidance, and
- [Planning for COVID-19 Scenarios in Schools](#)

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled “Assurance Compliance and Timeline” below.

 **4. Equity**

 **5. Instruction**

 **6. Family, Community, Engagement**

 **7. Mental, Social, and Emotional Health**

 **8. Staffing and Personnel**

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.
