Harmony Montessori School is asking for your help with our annual fundraising auction being held in May of 2022. For more than twenty-five years we've been able to offer nurturing, child-led education in large part due to donations like yours.

Harmony has managed to keep its doors open during the pandemic as an emergency childcare facility with high quality safety standards, as well as providing an option for virtual learning. This has given our community the flexibility to provide a strong education for their children as need or comfort dictate.

As a 501(c)(3) nonprofit organization, Harmony is one of the most affordable center-based Montessori schools in Portland and is dedicated to providing a holistic education to a culturally and socioeconomically diverse community of families. Harmony's high quality and affordability is made possible only by generous contributions of time, hard work, and donations from individuals and organizations throughout the greater Portland area and beyond.

Our annual auction is our largest fundraising effort, which primarily goes towards funding our financial aid program. This includes our "Children's Fund", which benefits children who are first-generation immigrants, speak English as a second language, and live in the David Douglas School District. The Children's Fund prioritizes need-based families, promising the same level of assistance for a full three years or until a child completes a Montessori cycle of education.

We would be eternally grateful if you would consider making a tax-deductible donation for our 2022 Harmony auction by filling out the enclosed form. Your donation can be applied to either the 2021 or 2022 tax year, depending on when you donate.

For questions or to request a merchandise donation pickup, please e-mail auction.event@harmony-montessori.com. Thank you for supporting and investing in our children and our community.

With gratitude,

The Harmony Montessori Auction Committee
